

INTRODUCING

The Easy Pull

A Hands-Free Foot Pull

To avoid touching door handles to reduce the potential spread of viruses and bacteria, the UNION Easy Pull provides a convenient solution. This product is made of high quality stainless steel to ensure strength and durability.

Features

- Quick and easy installation
- Works on doors which have a door closer
- Rubber buffer acts as a door stop, protecting door handles and walls
- Wave pattern cut out for enhanced grip
- Suitable for timber, aluminum and metal doors
- Easy to operate

To find out more on the new Easy Pull from UNION or to place your order, contact 011 761 5000 or email za.info@assaabloy.com
